D'Agen	**Colchagua Valley, Chile**	**Partner plant certified BRC · HACCP · Kosher · Halal**	**From April 2027**

WHO WE ARE

Sunprunes is a Chilean grower and exporter of D'Agen prunes from the Colchagua Valley. We grow the fruit in our own orchards and dry it in our own drying tunnels; it is processed and packed under contract at a partner plant in Chile certified BRC, HACCP, Kosher and Halal (certificates in the plant's name), with full traceability from orchard to shipment.

PRODUCT RANGE

Product	Moisture	Sizes (fruits/lb)	Standard packing
Pitted prunes Tenderized, pit removed. Retail, food service and industry.	26–34%	50/60 – 90/100	10 kg cartons
Unpitted prunes Tenderized whole prunes with pit. Processors and specialty trade.	26–34%	100/120 – 120/144	10 kg cartons
Natural condition Graded, not tenderized, with pit. Industrial use and long distribution.	18–20%	40/50 – 144/170	25 kg PP bags with food-grade liner

Other sizes on request, subject to crop. Custom packaging and private label on request.
